Range (MHZ)****410.0 - 525.0****Output
Watts****Frequency
Tolerance****Emission
Designator**

Single Modular Approval. Grantee is responsible for providing specific testing instructions to host manufacturers for additional testing to verify compliance as a composite system. This includes retesting of transmitter module per part 15.31(h) and (k) and verification of compliance with FCC RF Exposure requirements. This module is restricted to installation in products for use in portable, mobile and fixed applications. OEM integrators and end-users must be provided with transmitter operation conditions for satisfying RF exposure compliance.
