

## Important Notice on the Compliant Use of Ai-Thinker Products

Dear Customers, Partners, and All Users:

In order to uphold the national order of radio administration, safeguard network and information security, protect the public interest and the legitimate rights and interests of others, and ensure the lawful, compliant, and safe use of the full range of products developed, manufactured, sold, and authorized for service by Shenzhen Ai-Thinker Technology Co., Ltd. (hereinafter referred to as “Ai-Thinker”), including but not limited to wireless communication modules, development boards, core boards, evaluation kits, supporting accessories, complete terminal devices, software firmware, technical solutions, and derivative products (collectively, the “Products”), Ai-Thinker hereby solemnly issues this formal notice regarding compliant product use, allocation of responsibilities, and handling of violations, in accordance with the *Cybersecurity Law of the People’s Republic of China*, the *Data Security Law of the People’s Republic of China*, the *Personal Information Protection Law of the People’s Republic of China*, the *Radio Regulation of the People’s Republic of China*, the *Provisions on the Administration of Radio Transmission Equipment*, and other applicable laws and regulations.

### I. Scope and Requirements for Compliant Use

1. The Products shall be used only for legal, legitimate, non-malicious, and compliant purposes, including but not limited to maker innovation and development, teaching and experimental activities, scientific research and validation, enterprise product prototyping, legal Internet of Things (IoT) projects, civilian smart devices, industrial IoT, consumer electronics, and other legal fields involving research and development, debugging, prototype verification, and compliant commercial use.
2. Prior to using the Products, users shall independently complete all statutory procedures, including administrative licensing, type approval, frequency band usage authorization and network access licensing, to ensure full compliance throughout use.

3. Where the Products are subject to secondary development, integration, modification, mass production, or network deployment, such use shall comply with mandatory national standards and applicable radio administration and data security requirements, and shall not exceed the approved technical parameters of the Products or the scope of any applicable licenses or authorizations.

## **II. Strict Prohibition of Any Illegal or Non-Compliant Use**

Under no circumstances shall the Products be used, whether after modification, assembly, integration, resale, lease, lending, or authorization for use by others, for any illegal or non-compliant activities, any activities endangering public safety, or any activities infringing upon the legitimate rights and interests of others, including but not limited to:

1. Illegally interfering with, jamming, suppressing, or blocking public mobile communications, Wi-Fi, Bluetooth, or other legitimate wireless signals and radio services;
2. Illegally monitoring, intercepting, stealing, storing, or disseminating the communications content, private information, personal information, trade secrets, or sensitive data of others;
3. Unauthorized cracking, intrusion into, access to, or control of the wireless networks, information systems, IoT devices, smart terminals, or industrial control systems of others;
4. Manufacturing, selling, operating, or using pseudo-base stations, illegal radio broadcasting equipment, unlawful signal transmitters/receivers, signal jammers, unlawful repeaters, or other illegal radio devices;
5. Altering radio-frequency parameters, transmission power, operating frequency bands, or antenna configurations without authorization, or using radio frequency bands beyond the approved scope, power limits, or frequency ranges;

6. Conducting cyberattacks, malicious control, distributed denial-of-service (DDoS) attacks, unlawful data collection, malware dissemination, cryptocurrency mining, hijacking, or other acts endangering cybersecurity;
7. Establishing or using radio stations without approval, or unlawfully engaging in radio transmission, reception, forwarding, or related activities;
8. Using the Products for fraud, theft of confidential information, unlawful tracking, unlawful surveillance, gambling, violent threats, manipulation of public opinion, or other illegal or criminal activities;
9. Any other acts in violation of national laws, administrative regulations, departmental rules, mandatory standards, or public order and good morals.

### **III. User Responsibilities and Undertakings**

1. Users shall independently bear full legal responsibility, administrative liability, and civil liability for compensation arising from their own acts and those of any authorized users. Ai-Thinker shall not bear any administrative, criminal, or civil joint liability arising from any illegal or non-compliant use of the Products by users.
2. Users shall independently comply with the laws, regulations, and regulatory requirements applicable in the place of use, place of sale, and place of operation of the Products.
3. Users shall not transfer, lease, lend, or authorize the use of the Products to any entity or individual whom they know, or reasonably should know, intends to use the Products for illegal or non-compliant purposes.

#### **IV. Measures for Handling Violations**

In the event of any non-compliant or unlawful use, Ai-Thinker shall have the right to immediately take one or more of the following measures:

1. Permanently terminate all services, including without limitation technical support, firmware updates, driver upgrades, after-sales consultation, and warranty services, and any fees already paid shall not be refunded;
2. Suspend or terminate product supply, cancel eligibility for cooperation, and revoke relevant technical and sales authorizations;
3. Report the relevant violations to radio administration authorities, public security authorities, market supervision authorities, and other competent authorities in accordance with law;
4. Pursue civil damages and administrative and/or criminal liability in accordance with law;
5. Disclose information concerning such violations within the scope permitted by law and compliance requirements, for the purpose of safeguarding the public interest and market order.

#### **V. Company Compliance Statement**

1. Ai-Thinker is committed to compliant research and development, compliant manufacturing, compliant sales, and compliant services. All products requiring approval have obtained type approval and related certifications in accordance with applicable national regulations and comply with the management requirements for radio transmitting equipment.
2. The Products are intended for general research and development, prototype verification, and lawful commercial use. Ai-Thinker does not provide any illegal tools, firmware, or technical solutions for

intrusion, theft of confidential information, cyberattacks, interference, or cracking.

3. Ai-Thinker firmly opposes illegal radio activities and cyber-related unlawful activities, and advocates that all users use the Products lawfully, properly, and safely, so as to jointly maintain a secure, orderly, and clean communications and network environment.

## **VI. Effectiveness of This Notice and Supplementary Provisions**

1. This Notice applies to all products and services of Ai-Thinker that have been sold, are currently on sale, or may be launched in the future, and shall have the same legal effect as the relevant sales and service agreements.
2. Ai-Thinker reserves the right to revise or supplement the contents of this Notice in accordance with updates to applicable laws and regulations. Any such revisions or supplements shall take effect upon publication.
3. The right of final interpretation of this Notice shall vest in Shenzhen Ai-Thinker Technology Co., Ltd.
4. This Notice shall be deemed duly served once published through the official website, product manuals, or official platforms. Any purchase or use of the Products by a user shall be deemed as the user's acknowledgment and acceptance of all contents of this Notice.

In case of any discrepancy between the Chinese and English versions, the Chinese version shall prevail.
